1. PROFESSIONAL SUMMARY

Technical Lead with 13+ years of experience delivering enterprise Digital Analytics solutions across Adobe Experience Cloud for Healthcare, Banking, and Financial Services domains. Expertise in Adobe Analytics, Adobe Launch, Adobe Experience Platform (AEP), Customer Journey Analytics (CJA), Adobe Target, GA4, GTM, Tealium, Web SDK, and Mobile SDK implementations. Skilled in solution architecture, tracking strategy, KPI design, stakeholder management, and leading cross-functional teams to deliver scalable analytics solutions. Improved analytics data quality by 15% through tracking gap analysis, implementation validation, and optimization of data collection across web and mobile platforms.

2. KEY SKILLS & TECHNICAL EXPERTISE

Adobe Experience Cloud: Adobe Analytics, Adobe Launch/Tags, Adobe Experience Platform (AEP), Customer Journey Analytics (CJA), Adobe Target, Analytics for Target (A4T), Web SDK, Mobile SDK.

AEP & CDP: Datastreams, Schemas, Datasets, Identity Service, Identity Stitching, Consent Management, Data Governance, Profile-enabled Datasets, Event Data Modeling.

Analytics & Tag Management: GA4, Google Tag Manager (GTM), Tealium iQ, Ensighten, SPA Tracking, Data Layer Architecture, Form & Funnel Tracking, Campaign Attribution, Marketing Channels.

Reporting & Visualization: Adobe Analysis Workspace, CJA Reporting, Power BI, Tableau, Excel, Segmentation, Funnel/Fallout Analysis, Cohort Analysis, Trend Analysis, Intelligent Alerts.

Web Technologies & Validation: HTML5, CSS3, Bootstrap, JavaScript, jQuery, JSON, REST APIs, Browser Developer Tools, Adobe Experience Platform Debugger, Adobe Assurance, Charles Proxy, Network Monitoring

3. PROFESSIONAL EXPERIENCE

WIPRO LIMITED | Technical Lead - Digital Analytics | UnitedHealth Group | July 2023 – Present - Chennai

- Delivered end-to-end Adobe Analytics implementations by translating business requirements into scalable tracking strategies, KPI frameworks, and technical solution designs.
- Designed, implemented, and validated Adobe Analytics tracking using Adobe Launch/Tags, AEP Web SDK, and Mobile SDK, including Data Collection, Datastreams, Identity Service, Schemas, Datasets, Consent Management, and Data Governance.
- Developed and maintained Adobe Analysis Workspace and Customer Journey Analytics (CJA) dashboards, reports, segmentation, funnel/cohort analysis, trend reporting, and actionable insights for stakeholders.
- Supported Adobe Target and Analytics for Target (A4T) integrations for A/B testing and personalization, including implementation, experiment validation, performance analysis, troubleshooting, and optimization recommendations.
- Performed end-to-end implementation validation and debugging using browser Developer Tools (Console & Network), Adobe Experience Platform Debugger, Charles Proxy, Adobe Assurance, and data quality checks to ensure accurate tracking and reporting.

XERAGO | Analyst in Digital Analytics | Hong Leong Bank - Malaysia | April 2021 - June 2023 - Chennai

- Implemented Adobe Analytics tracking for newly developed pages, forms, authenticated/post-login experiences, and monthly production releases using Adobe Launch/Tags with validation and release support.
- Designed and deployed advanced analytics tracking for Single Page Applications (SPA) using Data Layer architecture to capture user interactions, form submissions, conversion events, and customer journey behaviors.
- Managed third-party marketing, conversion, and retargeting pixels such as Google Ads, DoubleClick, Facebook, LinkedIn, and Twitter through Adobe Launch and Google Tag Manager.
- Prepared technical implementation documents, tracking specifications, and tagging guidelines; collaborated with business stakeholders, developers, QA teams, and client teams to ensure consistent tracking standards.
- Supported Adobe Target, GTM, and product-level tracking use cases including price, quantity, funnel progression, personalization, A/B testing, and data collection through robust Data Layer frameworks.

XERAGO | Senior Team Lead - Web Development | Citibank – UAE / Bahrain / US | May 2016 - March 2021 - Chennai

- Developed and maintained enterprise websites using HTML5, CSS3, JavaScript, jQuery, Bootstrap, and OpenText TeamSite CMS, ensuring responsive design, cross-browser compatibility, W3C compliance, and reusable components.
- Collaborated with business stakeholders, designers, QA, and development teams to translate requirements into production-ready web pages, landing pages, templates, and CMS-driven solutions while supporting content publishing and releases.
- Led production support by investigating and resolving website defects, form submission failures, tracking discrepancies, campaign issues, performance bottlenecks, and customer-reported issues through root cause analysis.
- Performed unit testing, release validation, page-level QA, defect triage, and production deployment support to ensure high-quality releases and improve website performance and user experience.
- Mentored junior developers and collaborated with analytics teams on website implementation, event validation, debugging, and cross-functional coordination to deliver reliable digital experiences.

XERAGO | Senior Web Developer | Citibank – HK, SG, SGIPB, MY, TH, ID, PH etc. | June 2013 - April 2016 - Chennai

- Developed web pages and reusable templates using HTML/HTML5, CSS/CSS3, JavaScript, and jQuery while following W3C standards and responsive design practices.
- Worked on OpenText TeamSite CMS components including HTML, CSS, JavaScript, DCT, COPY, CONFIG, CMLINK, RULE, and content-type based website maintenance activities.
- Translated business and content requirements into functional web pages, landing pages, and templates with consistent layout, usability, and browser compatibility.
- Participated in requirement analysis, design discussions, coding, unit testing, content publishing, and production support for multiple enterprise website updates.
- Collaborated with design, QA, and client-facing teams to deliver production-ready web pages and resolve defects within planned release timelines.

4. MAJOR ANALYTICS ACHIEVEMENTS

- Recognized twice as a Top Contributor in the Adobe Analytics Community for providing solutions to 30+ technical discussions and contributing to knowledge sharing.

- Implemented Adobe Analytics solutions across 40+ enterprise web and 12+ mobile applications, enabling scalable digital analytics and customer journey tracking.
- Designed and delivered 50+ analytics tracking requirements and supported 70+ production releases with accurate implementation, validation, and deployment.
- Improved analytics data accuracy by 15% through tracking gap analysis, implementation validation, and optimization of Adobe Analytics, AEP Web SDK, and Mobile SDK tracking.
- Developed 30+ Adobe Analysis Workspace dashboards while mentoring 2+ engineers on Adobe Analytics implementation, debugging, and best practices.

5. CERTIFICATIONS

- Adobe Analytics Implementation Training (2024)
- Salesforce Certified Marketing Cloud Email Specialist (2021)
- Google Analytics for Power Users – Google Analytics Academy (2023)
- Google Tag Manager Fundamentals (2022)
- GitHub Copilot: Use AI to Write Code (2023)
- ChatGPT & Prompt Engineering (2025)

6. EDUCATION

- Bachelor of Engineering (Computer Science & Engineering), Er. Perumal Manimekalai College of Engineering, Hosur - CGPA: 6.83/10, Year: 2011

7. AWARDS & RECOGNITION

- **Shooting Star Award – Xerago** (January 2019) – Recognized for outstanding performance, commitment, and exceptional contribution to project delivery.
- **Contributor of the Month – Adobe Experience League Community** (February 2023) – Recognized for valuable technical contributions and active participation in Adobe Analytics and Adobe Experience Platform (AEP) discussions.
- **AEP Contributor of the Month – Adobe Experience League Community** (April 2023) – Awarded for consistent knowledge sharing and technical contributions related to Adobe Experience Platform (AEP).
- **Super Squad for March, 2024 – Wipro** – Ranjithkumar, and Team are appreciated by UHG client as below, "Thanks for great contributions from all of you in health plan of Nevada sites 14 sites migrations in last 5, 6 months and making it one of the successful story of the Q1 2024."
